Re:

WC Docket Nos. 10-90 and 11-42

2015 Form 481 Filings

Request for Confidentiality

Dear Ms. Dortch:

Cox Communications, Inc. (Cox), by its attorney and pursuant to Section 0.459 of the Commission's rules, hereby requests that the Commission afford confidential treatment to designated portions of the attached Form 481 reports being filed on behalf of affiliates of Cox. The confidential version of this submission is being filed with the Secretary's Office and the public version is being filed with the Secretary's Office and via ECFS.

This request is limited to specific information relating to unfulfilled service requests, customer complaints and outages contained in three of the fourteen reports being filed by Cox.<sup>2</sup> Cox requests confidentiality on two grounds. First, the information contained in these exhibits is commercially sensitive to Cox. The reports include specific information on the number of times Cox denied service to customers and how it determines when it can provide service, how often customers complained and the origins, extents and resolution of service outages. This

<sup>47</sup> C.F.R. § 0.459.

The affected reports concern Cox Georgia Telcom, LLC, Cox Louisiana Telcom, LLC and Cox Oklahoma Telcom, LLC. The confidential information is in lines 300 and 410; in the attachment concerning Cox's process for considering service requests; and in the table on page 15 of the reports of the reports for each of these entities.

information would be valuable to competitors that could use it in devising marketing plans and other competitive responses to Cox. As a consequence, Cox does not release any of this information to the public and takes specific steps to maintain the security of this information within the company.

Second, this information already is treated as confidential by the other entities receiving it, including the Universal Service Administrative Company and the relevant state regulators. Disclosure of this information would affect the other entities' ability to obtain relevant data from the companies they regulate because they would know any data they filed would be subject to disclosure at the Commission. Further, outage data already is treated as confidential by the Commission when it is submitted to the Commission's Network Outage Reporting System.

Each of these grounds is sufficient under Section 0.457(d) of the Commission's rules<sup>3</sup> to maintain the confidentiality of the designated section of the Section 54.313 report. For these reasons, Cox requests that the Commission maintain the confidentiality of the designated section of Cox's Section 54.313 report.

Please inform me if any questions should arise in connection with this request.

Respectfully submitted,

J.G. Harrington

Counsel to Cox Communications
